I. OPERATION
1. Remove the candles from the packaging. There are 3 different sized glass candles, 3 light chains and 3 rubber plugs.
2. Remove the 3 light chains from the packaging, one with 6 lights, one with 8 lights and one with 10 lights.
3. Remove the battery cover making sure to align "+" and "-" as marked inside the compartment. Insert 2 x “AA” type batteries (not included) into the battery compartment.
4. Close the battery cover and turn the switch to the “On” position and the lights will come on.
5. Turn switch to "Timer" and the unit will light for 4 hours and automatically shut off. The unit will restart 20 hours later.
6. Insert the lights chains and battery compartment into the candle. (6 lights for the small candle; 8 lights for the middle candle, and 10 lights for the large candle.)
7. Attach the rubber plug to the bottom of the candle.

</tr>
<tr>
<td>Timer is on</td>
<td>Batteries run out</td>
<td>Unit will restart at the end of the 20 hour cycle, To start immediately, move the timer switch to Off.</td>
</tr>
</tbody>
</table>

III. SAFETY WARNINGS AND INSTRUCTIONS

**WARNING:** THIS IS NOT A TOY! THIS PRODUCT CONTAINS SMALL PARTS WHICH COULD CAUSE CHOKING IF SWALLOWED.

TO PREVENT FIRE OR SHOCK HAZARD, DO NOT REMOVE COVER. NO USER SERVICEABLE PARTS INSIDE. IF SERVICING IS NEEDED, SEND TO QUALIFIED SERVICE PERSONNEL.

PLEASE ADHERE TO THE FOLLOWING:

1. Read Instructions - All safety and operating instructions should be read before the appliance is operated.
   Please adhere to the instructions and warnings for your safety.
2. Water and Moisture - Do NOT put appliance near water of any kind: a bathtub, washbowl, kitchen sink, on a wet floor or near a swimming pool.
3. Heat - The appliance should be situated away from heat sources such as radiators, hairdryers, heat registers, stoves or other appliances that produce heat.
4. Power Sources - The appliance should be connected to a power supply only like the one which comes with the appliance.
5. Damage Requiring Service - Have a qualified service personnel service this appliance when:
   A. The power-supply cord or plug has been damaged.
   B. Objects have fallen or liquid has spilled into the appliance.
   C. The appliance has been exposed to rain or moisture.
   D. All troubleshooting techniques have been tried and the appliance will not work or has stopped working.
   E. The appliance has been dropped or the enclosure damaged.

**Federal Communications Commission Code, Part 15:**

NOTES: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one or more of the following measures: (a) reorient or relocate the receiving
antenna; (b) increase the separation between the equipment and the receiver; (c) connect the equipment to an outlet on a circuit different from that to which the receiver is connected; or (d) consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.

The following is only applicable to customers in the USA:
